BACKGROUND

BACKGROUND

Association of Professional Social Workers and Development Practitioners (APSWDP) aims at engaging students for internship and also for block fieldwork from various sectors across the country and abroad with an objective to allow young talent from reputed institutions to be associated with us to get engaged in our professional network, learn professional values and practices with mentors and professional experts associated with the association.

During COVID-19 Pandemic, the sudden nationwide lockdown has made life standstill and worst hit, be it is livelihood or education. The pandemic has given a thought to evolve an alternate mechanism to move on within the environmental limitations and availability of resources. It has made to learn and adopt available ICTs viz. virtual meetings, classes, and training which was a far reality in a country like India.

During the pandemic, the Department of Social Work, Chaudhary Bansi Lal University, Bhiwani approached the association to conduct virtual internships for the Masters in Social Work (MSW) students due to lockdown and mentor them on social work practices, skills and methods.

Keeping in view the pandemic in mind and the association's mandate, the APSWDP decided to launch the Virtual Internship Programme for the first time under the dynamic leadership of Dr. Sumit Arora, Hon. Director, Capacity Building and Training.

An Internship Program Structure of four weeks duration was developed, in which 15 hours of virtual sessions and forty hours of weekly fieldwork activities under the supervision of respective university supervisors were structured. The internship course work was comprised of an Induction program, virtual technical and transactional learning sessions, participation in panel discussions, virtual and physical projects (depending on the nature of guidelines on movement by state) and digital field reports, etc.
