HOD
Chitkara College of Psychology and Counselling

Organised by
Chitkara College of Education in collaboration with
The Climate Reality Project, India, Association of Professional Social Workers
and Development Practitioners and Chitkara College of Psychology and Counselling

BACKGROUND

National Energy Conservation Day 2022 is observed on **14th December**. The day is observed by the Bureau of Energy Efficiency (BEE) which is under the Ministry of Power, aiming for cost-efficient energy production and resource conservation.

The National Energy Conservation Day 2022 celebration takes place for a week from 8th December onwards till 14th December.

National Energy Conservation Day 2022 was first observed on December 14th, 1991 by the Bureau of Energy Efficiency BEE, under the Union Ministry of Power which falls under the Government of India. The Bureau of Energy Efficiency assists in the development and implementation of strategies and policies to reduce excessive consumption of energy. The committee also executed 'The Energy Conservation Act' in 2001.

National Energy Conservation Day 2022 aims to create awareness among the people on saving energy by reducing the use of energy and using it efficiently. On National Energy Conservation Day 2022 awareness campaign will be conducted and awards are distributed annually on this day in 56 sub-sectors of the country to recognize achievements in energy efficiency. The awards will be given to industries, Educational institutions, hospitals, hotels, and shopping malls for their efforts taken to conserve energy and use energy efficiently.

The BEE strategizes and develops policies that will help decrease this demand by advocating the adoption of efficient measures for energy use.

VIRTUAL PROGRAM/ DIALOGUE ON NATIONAL ENERGY CONSERVATION DAY 2022

For commemorating **National Energy Conservation Day 2022**, the Virtual Centre of Excellence for Social Welfare Administration (VCoE-SWA), under the aegis of **Association of Professional Social Workers and Development Practitioners (APSWDP)** is organizing a virtual dialogue/ program on **14th December, 2022 (Wednesday)** from **3 pm onwards (IST)** in partnership with **Chitkara College of Education; Chitkara School of Psychology and Counseling, Chitkara University; and The Climate Reality Project India (TCPI)**, with an opportunity to rethink as an economy to invest in energy conservation, renew the social contract between Governments, their people and within societies, so as to rebuild trust and embrace a shared and comprehensive vision of energy conservation practices on the road to sustainable development.

ABOUT COLLABORATIVE PARTNERS

ASSOCIATION OF PROFESSIONAL SOCIAL WORKERS AND DEVELOPMENT PRACTITIONERS (APSWDP)

Association of Professional Social Workers & Development Practitioners (APSWDP) is a registered not for profit professional membership-based organization of professional social workers and development practitioners working in various social welfare domain across the country. APSWDP has been conferred Special Consultative Status with Economic and Social Council (ECOSOC) and affiliation with the Department of Global Communication (DGC) of United Nations since 2019. APSWDP works closely on social issues like poverty, livelihood, health, environment, education, water & sanitation, unemployment, disease control program, urbanization, youth issues of de-addiction, and have covered the whole gamut of government, development agencies, and academic institutions.

CHITKARA COLLEGE OF EDUCATION, CHITKARA UNIVERSITY

Established in the year 2003, Chitkara College of Education is approved by National Council for Teacher Education (NCTE), Jaipur, and duly recognised by the Punjab State Government. We aim to provide an an exemplary stepping stone to the budding teachers' future success through a concrete grounding in requisite skills and knowledge, which is channelized towards striving for teaching excellence and creating exceptional leaders to transform the educational realm.

CHITKARA SCHOOL OF PSYCHOLOGY AND COUNSELLING

Chitkara School of Psychology and Counselling offers a rich learning learning environment where you can explore multifarious career options, develop practical expertise and become a leader in the profession. Besides providing the students with a sound theoretical base, huge thrust is placed on hands-on experience facilitated through internships, field studies and experiential learning. Our industry-informed curriculum, up-to-date Psychology labs and an exceptionally qualified faculty, ensure our students are a coveted asset to the industry.

THE CLIMATE REALITY PROJECT INDIA

Al Gore and TERI established The Climate Reality Project India (TCPI) in 2008. TCPI focuses on climate education and empowering communities to take climate actions and prioritize implementation of local climate solutions. The India branch supports more than 550-trained Climate Reality Leaders who are taking climate actions on the ground. TCPI has been consistently putting in efforts to strengthen India's NDCs to work elaborately in the domains of clean energy, water conservation (including rainwater harvesting) and supporting electric mobility. Climate Reality India works with the like-minded organizations, focusing on the thrust areas: Climate Education and building climate friendly schools/colleges campuses; tree & mangrove plantations to enhance livelihoods; rainwater harvesting to tackle water crises; and supporting clean energy and electric mobility.

KEY OBJECTIVES

The **key objectives** of the virtual program/ dialogue are:

- Affirming our commitment to create awareness among the people on saving energy by reducing the use of energy and using it efficiently.
- Align with the BEE strategizes to develop policies, that will help decrease this demand by advocating the adoption of efficient measures for energy use.
- Establish network amongst the participants who are devoted to work with an objective of building effective advocacy network and partnerships, to promote sustainable solutions for shaping the future of our communities, towns and cities.
- Promote information sharing and exchange at the local and global level to work in cohesion effectively with networks working on spreading awareness among communities on conservation of energy and usage of energy efficiently for sustainable development.

MODE OF COMMUNICATION

The mode of communication for the virtual program/ dialogue is English. However, the participants from regional background are also encouraged to join the conversation in their respective vernacular. APSWDP does not discriminate on the grounds of language. We believe in participation from across the lines. Our volunteers will felicitate the participants in case if they are not comfortable with the language.
